

In preparation for the first day of the '**Developing Inspired Leaders: Leadership in Practice**' Programme, please consider what you feel the skillsets of a manager will need to be in 2022.

So, in five years' time, what will the requirements be for managers to be successful in business?

Take into account technological changes, global influences, different people's needs within the business, tenants' expectations and Wandle's business goals.

Please write down your ideas in the box below, and bring this form with you on the day.

Also, please remember to bring your copy of your DISC report with you.
