Did you know?

We can run this as an in-house training programme for a cohort or we can use our eco-delivery model and run the programme completely through virtual training and virtual coaching enabling us to run the programme for individual learners.

Apprenticeship Programme Overview

If you **manage projects** as part of your role but have had no formal training, then this programme is the perfect fit for you.

You'll learn how to set up, run and manage successful projects and at the same time you'll also receive the **Project Management Qualification (PMQ)** from the Association of Project Management.

Our programmes are completely flexible in terms of delivery with minimum numbers of 1!

We can run this as an **internal in-house training programme** for a cohort or we can use our eco-delivery method all through **virtual training and online coaching** enabling us to run the programme on a personalised, individual basis.

Programme Structure

Designed in a way that will maximise the performance of each learner

Learning the theory of a topic is great but it's what the learner does to **embed the learning** and actually use it, that matters most. All **learning is reinforced** with ongoing coaching, online resources and off-the-job activity to bring it all to life. Each part of the programme supports the learner to apply their knowledge and skills via **INTENT – IMPLEMENT – IMPACT**.

♥ What did they plan to change? ♥ What did they change and how? ♥ What impact did it make?

Onboarding & Induction

Initial workshop and event about the programme and how to get a high grade.

Skills Individual Learning Plan

Creation of a pre-programme learning and development plan. Includes goal setting and actions.

Practical Learning Events

These can consist of workshops, masterclasses, virtual training, action learning sets, projects or coaching.

Regular Coaching Sessions

One to one development with a designated skills coach. Covers skills and an assessment progress review.

Digital Learning

To take in-between learning events and to help embed the learning. Selfstudy and in the flow of work resources.

Off-The-Job Training

20% of the learner's total working hours is used for "off-the-job" learning and development activities.

Ongoing Reviews

Held between the learner, employer and skills coach to monitor progress and to make any adjustments.

Support & Help

Our designated skills coaches will always be on hand to help your learners throughout the programme.

End Point Assessment

End of programme assessment. Consists of activities like observations, evidence, tests and discussions.

Apprenticeship

Learners gain a pass, merit or distinction from their end point assessment based on their results.

Progress Reviews & End Point Assessment

Ongoing Reviews

As part of this programme your learners will receive regular coaching sessions. This will develop their knowledge, skills and behaviours further and also ensure that they're on track for passing the apprenticeship through tailoring the learning and development to each individual. Evidence of their development will be collated and stored within their e-learning account. This will allow their coach to review the skills and knowledge they have learnt and continually tailor their individual learning plan to their training needs.

Gateway

Before each learner is able to progress to the End Point Assessment (EPA) both you (employer) and their coach will ensure that they have the sufficient levels of knowledge, skills and behaviours required to pass - this is known as Gateway.

Once everyone is in agreement that the learner is ready, they can then progress to the End Point Assessment.

End Point Assessment

All apprenticeships contain a compulsory end of programme assessment which is called an End Point Assessment (EPA).

Assessment

Assessment methods (or components of) can be:

- ✓ Observations
- ✓ Practical Assessments
- ✓ Tests
- ✓ Discussion
- ✓ Interview
- ✓ Presentation & questioning
- ✓ Project
- ✓ Evidence Portfolio
- ✓ Logbooks
