Learning the theory of a topic is great but it's what the learner does to **embed the learning** and actually use it, that matters most. All **learning is reinforced** with ongoing coaching, online resources and off-the-job activity to bring it all to life. Each part of the programme supports the learner to apply their knowledge and skills via **INTENT – IMPLEMENT – IMPACT**.

Progress Reviews & End Point Assessment

Ongoing Reviews

As part of this programme your learners will receive regular coaching sessions. This will develop their knowledge, skills and behaviours further and also ensure that they're on track for passing the apprenticeship through tailoring the learning and development to each individual. Evidence of their development will be collated and stored within their e-learning account. This will allow their coach to review the skills and knowledge they have learnt and continually tailor their individual learning plan to their training needs.

Gateway

Before each learner is able to progress to the End Point Assessment (EPA) both you (employer) and their coach will ensure that they have the sufficient levels of knowledge, skills and behaviours required to pass - this is known as Gateway.

Once everyone is in agreement that the learner is ready, they can then progress to the End Point Assessment.

End Point Assessment

All apprenticeships contain a compulsory end of programme assessment which is called an End Point Assessment (EPA).
